# QUÈ ÉS?

**CINAHL (Cumulative Index to Nursing and Allied Health Literature)** és una base de dades d'abast internacional publicada inicialment per **Cinahl Information Systems**. Correspon al repertori imprès del mateix nom, publicat per l'**American Nurses Association** i la **National League for Nursing**.

Buida més de 5.400 revistes i incorpora també monografies, ponències, evidència mèdica i comunicacions científiques especialitzades en **infermeria, biomedicina, medicina alternativa i altres disciplines** relacionades amb les ciències de la salut. Actualment té uns 5 milions de registres que daten des del 1937 fins a l'actualitat.

L'SBDI del COIB proporciona fins a 8 accessos simultanis a la base de dades.

Recordeu que per accedir a la base de dades CINAHL cal estar col·legiada.

# INTERFÍCIE

The screenshot shows the CINAHL Complete search interface. At the top, there is a navigation bar with links for 'New Search', 'Publications', 'CINAHL Headings', 'Evidence-Based Care Sheets', and 'More'. On the right side of the navigation bar, there are links for 'Sign In', 'Folder', 'Preferences', 'Languages', and 'Help'. Below the navigation bar, the search area includes the EBSCOhost logo, a search input field, and a 'Search' button. There are also options to 'Select a Field' and 'Clear'. Below the search input, there are three rows of 'AND' operators and 'Select a Field' dropdowns. At the bottom of the search area, there are links for 'Basic Search', 'Advanced Search', and 'Search History'. Below the search area, there is a 'Search Options' section with a 'Reset' button. This section is divided into 'Search Modes and Expanders' and 'Limit your results'. Under 'Search Modes and Expanders', there are radio buttons for 'Boolean/Phrase', 'Find all my search terms', 'Find any of my search terms', and 'SmartText Searching'. There are also checkboxes for 'Apply equivalent subjects', 'Apply related words', and 'Also search within the full text of the articles'. Under 'Limit your results', there are checkboxes for 'Full Text' and 'Abstract Available', and a 'References Available' checkbox. There is also a 'Published Date' section with dropdowns for 'Month' and 'Year'. Red callout boxes with arrows point to various elements: 'Tipus de cerques' points to the search input field; 'Opcions de l'usuari' points to the 'Sign In', 'Folder', 'Preferences', and 'Languages' links; 'Consulteu l'ajuda.' points to the 'Help' link; 'Opcions de cerca' points to the 'Search Modes and Expanders' section.

Tipus de cerques

Opcions de l'usuari

Consulteu l'ajuda.

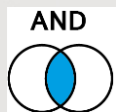

Opcions de cerca

# CONSELLS DE CERCA

Per millorar les cerques podeu fer servir els recursos següents:

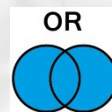

Recordeu utilitzar sempre l'anglès.

1. Seleccioneu en quins **camp**s busqueu la informació per aconseguir resultats més pertinents.
2. Utilitzeu els **operadors booleans** (**AND**, **OR**, **NOT**) per combinar els termes.

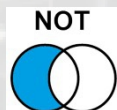

***Infection AND injury***

Localitza documents que continguin tots dos termes.

***Injury OR trauma***

Troba documents que continguin tant la paraula *injury* com la paraula *trauma*.

***Injury NOT trauma***

Cerca documents amb la paraula *injury* i exclou els que continguin el terme *trauma*.

# CONSELLS DE CERCA

3. Marqueu amb **cometes** (“xxx”) els termes compostos per marcar que la cerca és per frase. Per exemple, si busqueu “nursing care” o “asperger syndrome”.
4. Empreu els **parèntesis** per definir l'ordre dins la cerca. Si no s'apliquen els parèntesis, la cerca es fa d'esquerra a dreta. En la cerca següent s'aplicarien:

*("Breast Neoplasms" OR "breast cancer") AND ("Attitude to Illness")*

5. Utilitzeu un dels **truncaments** següents per trobar variacions dels termes:
  - L'**asterisc** (\*) serveix per buscar les paraules que comencen amb la mateixa arrel.

Per exemple: *child\* → child, children, childhood*

- L'**interrogant** (?) serveix per substituir una lletra.

Per exemple: *Ne?t → Neat, nest o next*

- El **comodí** (#) substitueix una lletra o cap.

Per exemple: *M#cdonald → Mcdonald i Macdonald*

# CERCA BÀSICA

La cerca bàsica busca els termes en tots els camps de la base de dades.

The screenshot shows the EBSCOhost search interface. At the top, there is a search bar with the query: ("Breast Neoplasms" OR "breast cancer") AND ("Patient x"). A green "Search" button is next to it. Below the search bar, there are links for "Search Options", "Basic Search", "Advanced Search", and "Search History". The "Basic Search" link is highlighted with a red box. To the right of the search bar, there is a red box with the text: "Utilitzeu els operadors booleans." Below the search bar, there is a "Search Options" section with a "Reset" button. Under "Search Modes and Expanders", there are several options: "Search modes" (with a help icon), "Apply equivalent subjects", "Apply related words", and "Also search within the full text of the articles". The "Search modes" section has four radio buttons: "Boolean/Phrase" (selected), "Find all my search terms", "Find any of my search terms", and "SmartText Searching" (with a "Hint" link). The "Apply equivalent subjects", "Apply related words", and "Also search within the full text of the articles" sections each have a checkbox. A red bracket groups these three sections, with a red box containing the text: "Amplieu els resultats." Below the "Search Modes and Expanders" section, there is a "Limit your results" section with a red box around the text "Limit your results" and a red arrow pointing to it. A red box with the text "Apliqueu límits a la cerca." is also present. The "Limit your results" section has four checkboxes: "Full Text", "Abstract Available", "References Available", and "Published Date". The "Published Date" section has a dropdown menu for "Month" and input fields for "Year".

# CERCA AVANÇADA

Permet cercar diversos termes en diferents camps: autors, títol, resum, títol de revista, matèries, etc.

1

**Introduïu els termes.**

3

**Seleccioneu els operadors.**

2

**Trieu els camps de cerca.**

The screenshot shows the CINAHL Advanced Search interface. At the top, there are navigation tabs: 'New Search', 'Publications', 'CINAHL Headings', 'Evidence-Based Care Sheets', and 'More'. On the right, there are links for 'Sign In', 'Folder', 'Preferences', 'Languages', and 'Help'. The main search area includes a search bar with the text 'Searching: CINAHL Complete | Choose Databases'. Below the search bar are three search fields, each with a dropdown menu labeled 'Select a Field (optio...'. To the right of these fields are 'Search' and 'Clear' buttons. Below the search fields are 'AND' operators and a 'Basic Search' button. A red box highlights the 'Advanced Search' button. Below the search area is a 'Search Options' section with a 'Reset' button. Under 'Search Modes and Expanders', there are radio buttons for 'Boolean/Phrase', 'Find all my search terms', 'Find any of my search terms', and 'SmartText Searching'. There are also checkboxes for 'Apply related words', 'Also search within the full text of the articles', and 'Apply equivalent subjects'. Red arrows point from the callouts to the search bar, the 'AND' operators, and the field selection dropdowns.

# ÚS DE L'HISTORIAL

The screenshot shows the CINAHL Complete search interface. At the top, there are navigation tabs: New Search, Publications, CINAHL Headings, Evidence-Based Care Sheets, and More. On the right, there are links for Sign Out, Folder, Preferences, Languages, and Help. The search bar contains the query "(S1) AND (S2 OR S3)". A yellow callout box points to the search bar with the text "Permet combinar cerques." Below the search bar, there are three rows for adding more search terms, each with an "AND" operator dropdown and a "Select a Field" dropdown. A "Search History" dropdown is also visible. A red box highlights the "Search History" dropdown, with a red arrow pointing to the "Search History/Alerts" section below. In this section, there are buttons for "Search with AND", "Search with OR", "Delete Searches", and "Refresh Search Results". A red box highlights the "Search with AND" and "Search with OR" buttons, with a red arrow pointing to the "Search Options" column in the table below. The table lists search results with columns for Search ID#, Search Terms, Search Options, and Actions. The first row (S4) shows the combined search "(S1) AND (S2 OR S3)". The second row (S3) shows "MM 'Caregivers'", the third row (S2) shows "MM 'Nursing Home Patients'", and the fourth row (S1) shows "MM 'Alzheimer's Disease'". A blue arrow points from the bottom of the table to the final summary text.

Permet combinar cerques.

Seleccioneu-les i escolliu el tipus d'operador.

### Household Members of Persons with Alzheimer's Disease: Health Conditions, Healthcare Resource Use, and Healthcare Costs

Brandon T. Suehs, PharmD, PhD,\* Sonali N. Shah, RPh, MBA, MPH,† Cralen D. Davis, MS,\* Jose Alvir, DrPH,‡ Warachal E. Faison, MD, MS,‡ Nick C. Patel, PharmD, PhD,\* Derek van Amerongen, MD, MS,‡ and Joel Bobula, MA\*

**OBJECTIVES:** To compare medical condition burden, healthcare resource use, and healthcare costs of household members (HEMs) of individuals diagnosed with Alzheimer's disease (AD) with those of HEMs of matched individuals without AD.  
**DESIGN:** Retrospective cohort study based on administrative claims data collected between January 1, 2007, and December 31, 2011.  
**SETTING:** Medicare Advantage Prescription Drug (MAPD) plan.

non-AD HEMs. These findings demonstrate the significant clinical and financial impact of AD on HEMs of individuals with AD. *J Am Geriatr Soc* 62:435-441, 2014.

**Key words:** Alzheimer's disease; household members; caregivers; healthcare resource use; healthcare costs
