

DILIGÈNCIA DEL TRIBUNAL QUALIFICADOR DE LA CONVOCATÒRIA ESPECÍFICA DEL PROCÉS SELECTIU PER PROVEIR PLACES BÀSIQUES DE LA CATEGORIA DE DIPLOMAT/ADA SANITARI/ÀRIA EN INFERMERIA (DSI LLIURE-2018) (SUBGRUP A2) (Codi identificació de la convocatòria DSI LLIURE-2018. DOGC núm. 7718, de 3.10.2018)

Categoria: **Diplomat/ada sanitari/ària en infermeria**

Publicació resultats definitius del concurs de mèrits, puntuacions finals concurs oposició i ordre de classificació

Una vegada revisades i resoltes les al·legacions presentades contra el resultat provisional del concurs de mèrits publicat mitjançant la diligència d'aquest tribunal, de data 10 de gener de 2022, d'acord amb el barem de mèrits establert a l'annex 3 de la convocatòria i d'acord amb l'establert a la diligència de 15 de març de 2021,

De conformitat amb allò que estableixen les bases 9 i 10 de la convocatòria referenciada, aquest tribunal qualificador,

ACORDA:

1r. Informar a les persones aspirants que, d'acord amb la diligència publicada el 10 de gener de 2022, a l'annex 2, el tribunal qualificador no ha estimat les al·legacions relatives a:

- Mèrits de les persones aspirants que ja havien assolit el màxim de puntuació establert en l'apartat corresponent del barem de la convocatòria. És a dir, aquells mèrits que de valorar-se no alterarien el resultat de la puntuació en la fase de valoració de mèrits.
- Els certificats emesos en PDF que no s'hagin pogut verificar o comprovar pel tribunal qualificador a través de l'enllaç corresponent o dels quals no s'ha aportat un certificat validat i/o segellat per l'organisme emissor de la certificació. En conseqüència, aquests mèrits figuren al Gestor de Currículum com a All (acreditació incompleta o incorrecta).
- Els serveis prestats no realitzats a l'Institut Català de la Salut que no hagin estat acreditats amb un certificat de serveis prestats emès per l'organisme on va prestar serveis.
- Les activitats realitzades per les persones aspirants que no consten en el barem de mèrits de la convocatòria de referència.

2n. El tribunal informa que, amb posterioritat a la publicació de la llista provisional de mèrits, es va detectar una incidència en l'aplicació de l'algoritme de càlcul dels mèrits que estaven afectats per valors amb decimals, és a dir, l'aplicació no va tenir en compte els valors amb decimals (a títol d'exemple, dins l'apartat de FC un curs de 4,5 hores el multiplicava per 45 hores). Després de solucionar aquesta incidència al programa, el tribunal ha revisat d'ofici tots els expedients de totes les persones aspirants i ha procedit a corregir els errors de càlcul que s'havien produït a la baremació provisional per

aquesta causa, d'acord amb el que estableix l'article 109.2 de la Llei 39/2015, d'1 d'octubre, del procediment administratiu comú de les administracions públiques, "*Les administracions públiques poden rectificar, així mateix, en qualsevol moment, d'ofici o a instància dels interessats. Els errors materials, de fet o aritmètics existents en els seus actes*".

- 3r. El tribunal informa que, amb posterioritat a la publicació de la llista provisional de mèrits, es va detectar una errada informàtica que provocava la valoració del títol d'infermer/a especialista en obstetrícia i ginecologia. Atès que el punt 1.1.4 del barem de la convocatòria disposa atorgar 6 punts "*per cada títol d'infermer/a especialista (salut mental, geriatria, treball, cures medicoquirúrgiques, familiar i comunitària, pediatria)*", el tribunal ha revisat d'ofici tots els expedients de totes les persones aspirants i ha procedit a corregir els errors que s'havien produït a la baremació provisional per aquesta causa, d'acord amb el que estableix l'article 109.2 de la Llei 39/2015, d'1 d'octubre del procediment administratiu comú de les administracions públiques, anteriorment esmentada.
- 4t. Així mateix, el tribunal informa que, amb posterioritat a la publicació de la llista provisional de mèrits, es van detectar les següents errades informàtiques que han estat revisades d'ofici d'acord amb el que estableix l'article 109.2 de la Llei 39/2015, d'1 d'octubre del procediment administratiu comú de les administracions públiques, anteriorment esmentada:
- L'aplicació informàtica aplicava la data d'obtenció de l'especialitat com a data per iniciar el còmput dels mèrits i no la data d'obtenció de la titulació de diplomada/sanitari/ària en infermeria. Aquesta errada implicava que tots els mèrits compresos en aquest període no generaven la puntuació que corresponia.
 - Els mèrits obtinguts pels aspirants amb anterioritat a la data de l'obtenció de la titulació de diplomada/sanitari/ària en infermeria dels apartats 5.2 i 5.3 del barem: "*coneixement de la llengua catalana superior al nivell requerit*" i "*coneixement de la llengua anglesa (només puntua el nivell més alt)*", no generaven la puntuació corresponent perquè l'aplicació informàtica comptava aquests mèrits només en el cas que s'haguessin obtingut amb posterioritat a la data de l'obtenció de la titulació de diplomada/sanitari/ària en infermeria.
 - Els màsters i postgraus que no informaven del nombre d'hores no generaven la puntuació prevista al barem de la convocatòria.
 - L'aplicació informàtica no puntuava correctament l'experiència professional de l'apartat 2.2 del barem.
- 5è. Així mateix, el tribunal informa:
- Que els serveis prestats en la mateixa data, de forma solapada, només puntuen una vegada (a títol d'exemple, si un professional ha treballat a 2 llocs diferents un mateix dia, només comptarà com a 1 dia).
 - Igualment, el tribunal recorda que l'assistència a Jornades i els cursos o les activitats formatives on-line sense aprofitament, d'acord amb el barem establert no puntuen.

- 6è. Donar publicitat dels resultats definitius de la fase de concurs de mèrits, d'acord amb la llista que figura a l'annex 1 d'aquesta diligència.
- 7è. Donar publicitat del resultat final del concurs oposició de la categoria de referència, amb indicació del número d'ordre de classificació final assolit per cada persona aspirant, d'acord amb la llista que figura a l'annex 2 d'aquesta diligència, amb indicació de les persones que tenen acreditada la condició legal de discapacitat.
- 8è. D'acord amb l'annex 4 de la convocatòria específica de referència, el nombre total de places convocades per a la categoria de diplomada/ada sanitari/ària en infermeria és de 3301 places, d'entre les quals 268 estan reservades a persones amb discapacitat legal reconeguda.
- 9è. En el decurs de la setmana del 26 de setembre de 2022 es publicarà la distribució de les destinacions per Gerència Territorial i s'obrirà un termini de 10 dies hàbils per tal que totes les persones que consten a la llista que figura a l'annex 2 d'aquesta diligència, accedeixin al Sistema de Gestió de recursos Humans (SGRH) i facin l'elecció de la destinació desitjada.

Es podran sol·licitar tantes destinacions com es consideri oportú per ordre de preferència i, com a mínim, caldrà sol·licitar una destinació.

Les persones aspirants que no sol·licitin cap destinació quedaran excloses del procés selectiu.
- 10è. Així mateix, els aspirants que tinguin la condició legal de discapacitat i no hagin acreditat el grau de discapacitat podran fer-ho fins al dia 15 de setembre de 2022.
- 11è. L'adjudicació de les destinacions es farà d'acord amb el que s'estableix a la base 10 de la convocatòria específica de referència.
